

LTL Book Consolidation Program

The Preferred Transportation Provider for Printed Material

Enru is one of the largest transportation provider for the print industry. We work with publishers and printers of all sizes to reduce transportation costs, reduce complexity and ensure timely delivery.

Consolidation Benefits

Full Truckload

Reduce cost – consolidate pallets into full TL or larger LTL shipments at volume discounted rates

One Carrier

Reduce complexity – one carrier vs. multiple LTL companies (single contact, staging area, invoice and tracking)

Warehouse Capacity

Free up warehouse space – stage only one truck for all your LTL moves to Enru

Less Pallet Handling

Less damages to pallets by going direct vs. numerous LTL warehouses

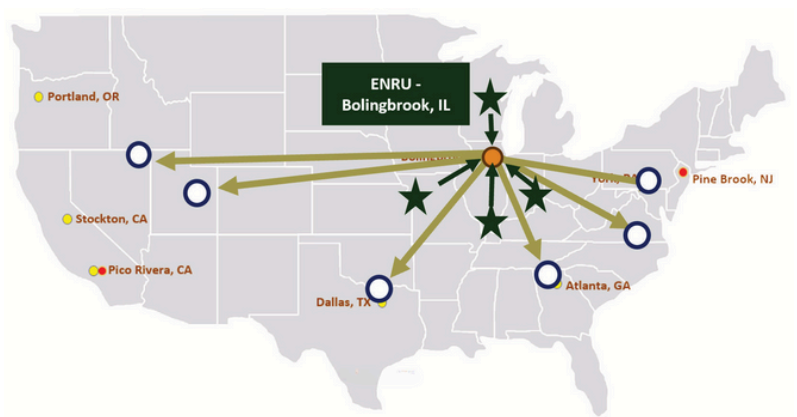

Personalized Service

Personalized service – assigned customer service team with a dedicated account manager

LTL Delivery Network Destinations

Our strategically located network of 9 consolidation warehouses (7 domestic & 2 serving international) enables us to reach 95% of the population anywhere in the US within two days. Through our unique approach, the complexity of the network becomes efficient and predictable – allowing you to have greater confidence and control over your shipments.

We solve for this load,
and the next. →
